## NEW CONSTRUCTION DOUBLE HUNG

Features and Benefits

### EASY INSTALLATION

Installation is a breeze with the **DuraGard XT** window system. The sturdy integral nailing fin provides a strong, durable surface for quick, accurate installation. The integral J-channel saves you time and money by allowing you to easily finish off the exterior.

The frame has been engineered with interior and exterior accessory grooves. A number of accessory profiles are available to ease installation and to provide an attractive finish

### DURABLE AND LONG LASTING

Beauty and Style are clearly evident in this all welded, high performance double hung window. From the smooth, uncomplicated interior, to the highly decorative stepped-beveled exterior, this window will add that distinctive look to your home.

But don't let its good looks fool you. This window was designed to perform. Fusion welded sash and frame, and strong, multi-chambered profiles, assure that this window will provide years of trouble free operation.
